

SILVER

Gocha Zalecinska

I'd like to shout out Gocha's efforts on our EJV pricing challenge queries. For each time she was willing to take the case ownership and served end to end service between content and product specialist. We would like to see/ need more analysts like Gocha from bond-desk team who definitely brings a good value, corporation and service in a business. As we all know that RQA is a non-known product, most of teams do hesitate to take any cases from this product.

Keep up good work!

Best,
Tolga Secer
